## About This Game

In SteamWorld Heist, you command a steam-driven pirate crew in a series of epic tactical shootouts. It's turn-based strategy with a twist: You manually aim the guns of your robots, allowing for insane skill shots and bullet-bouncing action!

As the captain you will board, loot and shoot your way through enemy spaceships. Overcome the challenges of the vast frontier by upgrading your recruits with unique abilities, weapons – and even stylish hats!

## Key features

- Strategy focused on skill rather than chance
- Procedurally generated levels
- 15-20 hours of playtime, followed by New Game+
- Kind to newcomers, deep and challenging for veterans
- Soundtrack by Steam Powered Giraffe

First Steamworld game I didn't bother completing. Like the other games, it's not terribly deep. but unlike the other games, the gameplay isn't satisfying enough to make up for it. About 6 hours in it got repetitive, occasionally frustrating with the random level design (can cause spikes in difficulty), and just not that fun.
